**Prices listed may change. Updated 2023*

Costs listed above reflect the following:

- **Books**
Purchased through the bookstore. Does not include recommended textbooks.
- **Uniform**
Purchased through K&M uniforms. Students typically purchase two sets initially and one set before senior year.
- **Castle Branch/Background Check**
All students are required to submit to a background check and drug screening prior to attending their freshmen and senior clinical sites. This fee includes the mandatory drug screening. Some sites may require additional screening.
- **Records Software**
Students purchase software through www.trajecsys.com. This purchase is good for the two years of the program.
- **Licensing/Professional Fees**
Students are required to become members of the ASRT and NYSSRS professional societies while in the program. In order to be licensed to practice radiography in NYS, students will sit for a national registry exam administered by the ARRT. Students will apply for the NYS license through the NYS DOH. CPR certification cost through HVCC.
- **Review Seminar**
Students will attend a mandatory review seminar to help prepare them for the national registry exam.
