INSTRUCTOR SPOTLIGHT

Jean Chennette
Center for Creative Retirement Coordinator

How did you get involved with the college’s Office of Community and Professional Education?

When I retired from teaching in 2000 I began to go to Saratoga to take classes with fellow retired teachers.

I began to wonder... why do I have to travel to Saratoga when I live in Rensselaer County and we have a local college whose mission is to be responsive to their community.

My dentist was Dr. Hill, who was on the college’s board of trustees, I had taught Bill O’Connor’s children - Bill was also on the board - and I had gone to grade school and high school with John Buono, who was the president of the college.

So I approached all three and offered to volunteer my time to start a program at Hudson Valley. It was important to me that the cost was reasonable enough; we didn’t want to prohibit people from learning.

We started with three courses, which I was begging my friends to attend, and my begging days are over since I now coordinate close to 50 courses every semester and we have well over 1,000 people attending. I attend about 40 of the courses and am always meeting fascinating people, learning from them and loving every minute.

Where do new ideas for courses, workshops, trips, etc. come from?

The title of our program should really be, *Everything Jean Always Wanted to Do When She Was Teaching and Never Had the Time.*

I am on the lookout all the time for things that sound interesting or that we can develop into something that would be fascinating to learn about. In addition, I constantly remind our students that they are my eyes and ears. I totally trust their judgment.

I have so many people who tell me about their interesting adventures and we turn around and offer all these ideas to our family of learners at Hudson Valley.

I get the most excited when I have booked a ton of new offerings for our program and I am able to meet the people who will be the presenters.

How has the Center for Creative Retirement changed in the last decade?

We are bigger and we are better! We have learned to scour the Capital District and find all the hidden diamonds that make this area so great and so interesting.

Anything you’ve not offered yet that you would like to?

It’s more about what I haven’t uncovered yet, and what is out there to be discovered so we can offer it to our people. That’s what makes this job so exciting!

What’s the most unusual course you’ve ever come up with for the Center for Creative Retirement?

I have to think about that for a few days. However, if you asked me what was the most fascinating course we ever offered, my mind fills with so many incredible hours that have unfolded as pure magic. It is this delight of learning and the desire to continue to learn that keeps us young.
Whether it’s finding a new hobby, a new fitness routine or a pathway to a new career, now is the time to start reaching your goals! Dive inside to discover a course or workshop that can enrich your life personally or professionally.

Our dedicated staff is ready to help you with the registration process or you can access the online registration 24 hours a day at www.hvcc.edu/communityed/register.

**ARTS & CRAFTS**

**CROCHET/KNITTING AND SEWING**

**Crochet for Beginners**
Creating a sampler scarf using various popular pattern designs, you will learn the basic crochet stitches: single, double, half double. While learning to follow the directions of a pattern, you will do the popcorn stitch, cluster and others. Crochet uses one hook so is easier to do for some of us (even if you are left handed)! After completing this class you will be able to make blankets, hats, purses… Hook and yarn will be provided at the first class. Class fee includes $7 materials fee.  
60783 $56  
4 Sessions, DCC B06  
Thurs., 2/23 - 3/16, 6:30 - 8:30 p.m.  
Aleta Schweigert, Instructor

**Crochet for Beginners - Level Two**
Not your Grandma’s Granny Square! This class will explore some of the many variations of the basic square. Using stitches like the popcorn, and cluster and flowers you will create squares to put together for a scarf, hat, purse or afghan. Following pattern directions is the focus of this class. You will need to supply your own hook (size F, G, or H) and your own four-ply worsted weight yarn in two or three colors for contrast.  
60784 $49  
4 Sessions, DCC B06  
Thurs., 3/30 - 4/20, 6:30 - 8:30 p.m.  
Aleta Schweigert, Instructor

**Knitting for Beginners**
Learning to knit and purl – only two stitches - can create endless designs. This class will make a sampler neck scarf and ribbed hat using the garter stitch (knit every row), the stockinette stitch (knit a row, purl a row) and ribbing. Learn to cast stitches onto the needles and bind off the end row of stitches. You will find this relaxing, creative class fun whether you knitting for yourself or for someone else. Knitting needles and yarn will be provided at the first class. Class fee includes $7 materials fee. 
60098 $56  
4 Sessions, DCC B06  
Tues., 2/21 - 3/14, 6:30 - 8:30 p.m.  
Aleta Schweigert, Instructor

**Learn How to Do Your Own Alterations**
Are you tired of things not fitting you? Alterations can be so costly, so why not do it yourself? In this class, you will learn different methods of altering clothing or household items. This class is appropriate for all ability levels, and you will be working at your own pace. No sewing knowledge is required. Just bring in the item you wish to alter and the items from the supply list.

Tues., 5/9, 6:30 - 8 p.m.
Judy Pochobradsky of Celestial Designs, Instructor

**Paper Filigree Flowers**
Welcome spring with fun and beautiful crafts! Quilling, or paper filigree, is the art of creating designs with narrow strips of paper. It is believed to have originated during the Renaissance, when French and Italian nuns used quilling to decorate religious items to simulate the iron filigree work of the time. The name quilling comes from the belief that bird quills were used to roll the paper coils. The shaped coils can be arranged to form flowers and seasonal decorations (bunnies, ducks and more)! You can then use the shapes to create cards and gifts tags, or to adorn picture frames, boxes, scrapbook pages and more. This class will focus on creating beautiful spring flowers and seasonal decorations to adorn your crafts. Please bring scissors, tweezers and a ruler with you to class. Course fee includes $7 materials fee.

Making Green(er) Money
How do you feel about investing in tobacco? How about alcohol or the defense industry? Do fair labor practices or environmental policies concern you? This class will explore concepts of socially responsible investing (SRI) and, to a smaller degree, ideas regarding sustainable lifestyle practices that may profit both the individual and larger communities. Key questions we’ll discuss are: how profitable are so-called “socially responsible” investments? How have SRI investment results compared with other investments? How does one find such investments? And, how might one integrate these SRI’s into an existing portfolio to meet clearer, larger-purposed goals? This class will not try to change values or even suggest that socially responsible investing is a good thing; we will look at today’s investment options from both an economic and ethical standpoint. Course fee includes a $20 materials fee.

Raising Money-Savvy Kids with your Family Values
Kids can easily make foolish spending decisions and become unwitting victims of impulse-buying, peer pressure, advertising and even fraud. As parents, we want to shield our children from these pitfalls by instilling habits that will ensure that they become money-savvy, financially independent adults. But beyond this, we also want to imbue our kids with certain family values that are often associated with money – values like patience, hard work, charity and reliability. This workshop can support your efforts to guide your kids in making money-smart decisions that reinforce your family values. Although it’s difficult to keep up with all the changes in our modern financial world, if your kids learn to apply your money-smart family values to different situations, they will have a good chance of living happy, productive and financially successful lives.

**First Church: 375 Years and Still Counting**

The Dutch Reformed Church on North Pearl Street is the oldest building in Albany still used as originally intended. It is Albany's oldest institution: the first church, first school and first bank. Its history is woven into the fabric of this city and the lives of its residents. A hoard of documents and artifacts discovered walled up in a basement room in 1931 made big news and The History Room was born. Tom Allison returns again with a privileged opportunity to see the church's artifacts and to hear some of its customs and lore. Phillip Hooker, First Church architect, will be featured after our morning break.

**“Troy Is My Hometown”**

**The Life and Times of Maureen Stapleton**

“There’s a place called Troy on the east bank of the Hudson River. If you want to know me, you have to know where I come from, and Troy is my home town.”

For Troy native Maureen Stapleton (1925-2006), there was no question that Troy was her home town. Even though she had to leave at an early age in order to become an actress, she returned to Troy often to touch base with family and friends throughout her career and long life. Kathryn Sheehan, Rensselaer County and Troy City Historian, will present an illustrated lecture on the Oscar, Emmy and Tony-award winning actress’s connection to Troy, celebrating her gift of acting in the theater, film and television for almost 50 years.

**Richard Rodgers and his Contributions to the American Musical Theatre**

Richard Rodgers, with Oscar Hammerstein, is responsible for creating the American musical as a literary art form. From his first song, “Manhattan,” written with Lorenz Hart to his final score for “I Remember Mama,” Rodgers was responsible for many classic American musicals. The course will feature Rodgers before Hammerstein and Hammerstein before Rodgers and Rodgers after Hammerstein. Background information and interviews will enhance the songs from the famous musicals.

An Introduction to Music Reading
If you’ve always wanted to learn to read music, this is the perfect opportunity for you! If you are in a group where everyone has a songbook, the words are written underneath the treble clef staff. If you want to know the melody you need to know how to read the notes on the staff. I will teach you an easy way to be able to do that. Instructor Janine Budesheim has been an elementary music teacher and director of the Averill Park Community Orchestra for many years.

Ancestry.com vs. Familysearch.org: Utilizing the Genealogy Giants
Ancestry.com and Familysearch.org are two giants of internet genealogy. These online destinations offer vast resources for researching your family’s history, but how do you sift through all that information and find what you are looking for? Lisa Dougherty, a professional genealogist with over 20 years’ experience in online research, will explain the content of these websites, their similarities and differences, and how to search them effectively to get to the “roots” of your family’s story.

The Irish Bridget
Who was the Irish Bridget? What relevance does her story have to the history of Irish immigration to America? Learn the answers to these questions in Dr. Margaret Lynch-Brennan’s presentation “The Irish Bridget: Irish Immigrant Women in Domestic Service in America, 1840-1930” which is based on her book of the same name. Dr. Lynch-Brennan will use photographs and personal letters the Irish Bridges wrote to one another to give insight into the lives of these young immigrant girls. She will discuss their work life, their social life, the impact they had on Irish-American life, and their contribution to American ethnic history, labor history and women’s history. Dr. Lynch-Brennan will also explore the relevance of the Irish Bridget’s story to contemporary American life, in which domestic service is again populated by female immigrants, and immigration is once more controversial.

A Fascinating Morning with Two Local Town Historians
First, town historian Jim Greenfield will give a lecture on Defreestville and Wynantskill, two hamlets in North Greenbush. Jim will discuss the hamlets’ naming and growth from the 1600’s to the 21st century.

You’ll meet some interesting characters:
• A congressman and friend of George Washington
• An unconventional Justice of the Peace
• A West Point Army man with a deep secret
• The “Sam Walton” of Wynantskill

You’ll re-live some intriguing events:
• The night Wynantskill was “bombed” in World War II
• A murder most foul
• A national athletic event...and much, much more.

Next, the East Greenbush Town Historian Bobbie Reno will relate her fascinating research about a local execution of Pvt. Samuel Helms, a young man in his early twenties serving as a soldier in the War of 1812.

Lucy Larcom: A New England Mill Worker in the 19th Century
Lucy Larcom, later to become a noted poet and educator, began her working life in a New England textile factory in the 1830s. As a young mill worker, Lucy will relate the working and living conditions many young farm girls experienced in the early days of America’s Industrial Revolution. With props and hands-on activities for the audience, she will demonstrate the tasks involved in textile production, the development of mechanization, and the structure of a mill. The industrialization of America changed ordinary life for everyone, creating the modern consumer society in which we live today.

Women of the Revolution - Backstage Heroines
The American Revolution was a civil war in many ways, in which the female half of the American populace participated willingly and unwillingly. Conventional history has been remiss in not adequately noting the exploits of women as battles raged in their towns, and foreign invaders threatened their homes and way of life. The ride of Paul Revere is well known and embellished but what about that of young Sybil Ludington? Who was the woman whose writings gave voice to the revolutionary spirit, and whose concerns about the new Constitution later took form as the Bill of Rights? Known and unknown, patriot and Tory, find how women were key players in the Revolution.

The Fabulous Cushing Boys
This course examines the lives of four brothers and their exploits before, during and after the Civil War. One was comparatively nondescript; one was much more brave and daring; one earned the Medal of Honor at Gettysburg; and one led a virtual suicide mission (involving two men from Rensselaer and Albany) and became the “American Idol” of his day. Two of the men are buried in Beverwyck Cemetery in Rensselaer and one is buried in Albany Rural Cemetery. Our presenter, Jim Cochran, is a retired literature teacher and a part-time amateur American historian.

Saint John Honeywood, Post-Revolutionary Jokester
His name was odd and so was the way his mind worked. In the 1790s, Yale graduate Saint John Honeywood appeared in the little Washington County village of Salem. Salemites, most of whom were uneducated farmers, didn’t know what to make of him. Mr. Honeywood painted, wrote poetry and sometimes spoke in Greek. He published a newspaper and held curious views about the social roles of men and women. An amateur historian, he got to know many of the locals who had fought at the Battle of Bennington and never tired of re-telling their stories. A satirist, he took great pleasure in skewering pompous politicians, Congressmen in particular. Steve Trimm who will be portraying Mr. Honeywood, is a tour guide at Grant Cottage State Historic Site.

Cradle of America: the Hudson and Mohawk Valleys
Author Jack Casey, who has set his four historical novels in the Hudson-Mohawk region, will discuss how its residents built America from a wilderness into an international power. From Deganawida, who formed the Iroquois confederacy after a vision at the Cohoes Falls, to Thomas Edison who brought his General Electric Company to the banks of the Mohawk, Jack will discuss this area’s rightful place in the history of the United States.

Jack will touch upon the War of 1812 and the Civil War, the digging of the Erie Canal, the building of the New York Central Railroad, as well as inventors George Burden and Joseph Henry, authors Henry James and Herman Melville, educational pioneers Amos Eaton and Emma Willard, and assorted abolitionists and political leaders whose performed far-reaching work on the national stage.

The Tragedy of Alexander Hamilton
Alexander Hamilton led the Federalist Party for over a decade, and served as Secretary of the Treasury, inventing fiscal policy that laid the foundation for a prosperous modern commercial nation. Yet shame over his humble origins dogged him and made him hypersensitive to criticism.

Jack Casey, an author, attorney and former political leader, who just completed his historical novel, Hamilton’s Last Clash, will explore this uniquely American tragedy. While showing why Hamilton is the most influential of the Founding Fathers upon our way of life, Jack will share his views on the darker side of American adversarial politics, and will also acquaint attendees with Revolutionary-era songs he will play and sing.

Two Popular Programs from the Rensselaer County Health Department

Tick Safety
We will hear the latest data available about ticks and Lyme disease. A health department educator will cover topics such as, who gets Lyme, how it is transmitted, symptoms, and prevention. Tick life cycle, how to remove a tick, creating a tick free zone around your home, tips on insect repellent, and the effect of ticks on pets also will be discussed.

Nutrition for Seniors
We all know that nutrition is a cornerstone in establishing and maintaining health. This program will be an opportunity to discover why variety, balance and moderation are the keys to healthy eating.

America’s Constitution
This is a historical review of the United States Constitution that will cover how and why it was created; the principles and political realities motivating it, and the concerns and objective of the players who wrote it. We will highlight how the founders viewed the crucial issue of power, its necessity and dangers, along with how the document has evolved over 228 years.

Russell Sage, the Money King
Born into poverty, Russell Sage was a self-made man, although the man he made himself into was the quintessential Robber Baron of the Gilded Age. After leaving his home in Troy for the richer pickings of New York City, his financial manipulations of the Wall Street stock market, the banking industry, railroads and other major corporations became the stuff of financial legend. Along with his primary partner, Jay Gould, Sage pillaged and plundered the American economic marketplace for almost 40 years. He was probably the wealthiest American at the time of his death in 1906, and his wife’s reaction to his passing is one of the greatest stories of philanthropic retaliation in American history.

The Best of Oakwood
Did you know the Gardner Earl Memorial Chapel and Crematorium at Oakwood Cemetery is a National Historic Landmark? We will hear the story behind the creation of this opulent 125-year old building, resplendent with Tiffany windows, marble mosaics and carved oak features. Oakwood was one of the first “rural cemeteries” in the country, with serpentine roads and lovely landscaping, and on our tour we’ll be surrounded by daffodils, if we’re lucky. We’ll enjoy fascinating stories as we visit beautiful monuments for some of the influential citizens of 19th century Troy.

Dress appropriately for the weather and wear good walking shoes. You might want to bring a bottle of water as well. This slow-paced walk is approximately 1 and ½ miles round trip and is on mainly level paved roads with one or two dirt paths. Course fee includes a $15 materials fee.

Saratoga’s Great Ladies Walking Tours
Join local author and Victorian historian Hollis Palmer as he relates infamous incidents from his books. He tells stories much the same way your grandparents did; oh that’s right, he is a grandfather. See and hear about the Great Ladies (the original name for Victorian houses) of Saratoga through a series of walking tours. The tours will tell about the families who built the houses and made them homes. The presentations include stories about the man who was so mad at the city he turned his back on it; the son who took his mother’s jewels from her safety deposit box and what he did with them; the man whose father saved the Union in the Civil War with a simple invention - a tea reception will be held in our last home visit on the tour. There will be lots of walking on mostly uneven surfaces: sidewalks, grass, roads, and some home interiors with multiple flights of stairs, climbing up and down. Wear comfortable walking shoes as you will be on your feet for all of the tour. Meet in Washington Park across from the front of 195 2nd Street. Volkssporting! The Best Kept Secret to Fun, Fitness and Friendship in the Capital District

Come and learn about Volkssporting, a German word for “the sport of the people.” What is this welcoming physical activity that has over 300 members right here in our area? Throughout the US there are over 300 clubs. Some folks start as a better road to physical fitness, but then continue because of new found friendships and fun club activities.

Our first hour will be a presentation on what is volkssporting, with question and answer time. The next part of the course you will be given directions to the Best Western Franklin Inn in Troy. We will drive to the inn and begin a 5 kilometer (3.1 mile) walk. Bring two return address labels for walk registration, a bottle of water to keep hydrated, and dress appropriately for the outside weather while exercising. You will be encountering some uneven surfaces throughout our Troy walk, so be prepared. Some folks like to bring a walking stick or ski pole. Following the walk, an opportunity will be arranged for wrap up and conversion to a conventional restaurant visit for lunch, pay your own stick or ski pole. Von Gogh’s Crazy Trees: A Lesson in Post-Impressionist Art
Von Gogh’s trees are easily recognizable. He had a very distinct brush stroke and used color like no other artist of his era. Well known for his delusional behavior, Von Gogh’s supposed craziness only enhanced his artistic expression. He was pure genius without ever having had the peace of knowing how beloved his paintings would be to the modern world. Noreen Powell captures his style perfectly and she will teach you step-by-step how to give your own “crazy” to Von Gogh-style trees! We will use acrylics on a large canvas to create deep and vibrantly colored trees that seem to sway with the wind.

All materials including paints, brushes, canvases and table top easels will be provided. Gourmet coffees and Schuyler Bakery baked goods will be included, too. No experience necessary. Course fee includes $35 materials fee.

Introduction to Snowshoeing
Snowshoeing is a wonderful way to stay active through the winter season, and is easy to do! We will cover types of snowshoes, how to dress in layers, equipment needed and all you need to know to get started on enjoying the outdoors in winter. After an introduction, we will take a leisurely snowshoe on the beautiful trails found at the Dyken Pond Environmental Education Center in Grafton. Along the way, we’ll look for animal tracks and other clues to what animals have been in the area. Equipment rental is for shoes only. If you have a pair of ski or hiking poles, bring them. Dress in layers and wear winter boots with a flat heel. Course fee includes $10 materials fee, which includes rental fee for snowshoes.
**COME, BEHOLD NEW LEBANON**

Small rural communities are perpetually redefining and marketing themselves, but it is probably fair to say that no place has come up with a concept quite like “Behold! New Lebanon,” in Columbia County. This town in the shadow of the Berkshires is being reimagined as what it hopes will be a "living museum of contemporary rural American life." "Behold!" is the brainchild of Ruth J. Abram, the historian who founded the Lower East Side Tenement Museum in New York in 1968 and is credited with forging new conceptual museum ground by telling the stories of immigrant families within an original setting.

### Online Paralegal Certificate Course

This intensive, nationally acclaimed program is designed for beginning and advanced legal workers. You will be trained to assist trial attorneys, interview witnesses, investigate complex fact patterns, research the law and assist in preparing cases for courtroom litigation. The instruction is practice-oriented and relates to those areas of the law in which legal assistants are in most demand.

The online paralegal course is split into two parts: Introduction to Paralegal Studies and Advanced Paralegal Concepts. All registered students will be enrolled in both sections, which will be completed consecutively.

**Introduction to Paralegal Studies** provides the foundation for the study of para-legalism. During the seven-week course, you will gain an understanding of the American legal system and learn how you can be of assistance in the exciting field of law. Coursework is equivalent to 45 class hours of study.

**Advanced Paralegal Concepts** takes over where the introduction leaves off. In this seven-week course, you will learn the advanced skills of legal research and writing, formal and informal advocacy, and appellate procedure. Coursework in the advanced course is equivalent to an additional 45 class hours of study.

This is an accelerated course. While there are no prerequisites, you will be expected to complete a significant amount of homework and you can anticipate spending an average of 12 hours per week reading and completing writing assignments.

Successful graduates of this program will be awarded a certificate of completion. To receive the certificate, you must pass six quizzes and successfully complete five legal document writing assignments.

**Please note:** paid access to the Westlaw online legal library is offered through the Center for Legal Studies and is strongly recommended to complete the second part of the course. Students have access to Westlaw at Hudson Valley Community College. However, at this time, the Westlaw database can only be accessed from the Marvin Library on campus. Textbooks that accompany the instruction of this course are available for purchase in the college’s bookstore or through the Center for Legal Studies at 1 (800) 522-7737. Additional information for the Paralegal Certificate Course can be obtained at www.legalstudies.com.

Computer Accounts
If your course requires a computer account, and you are a new student, you will receive two envelopes, one containing your username and the other your password, in the mail.
If you are a returning student and you no longer have your username and/or password you can contact the Office of Community and Professional Education at (518) 629-7339, and we can reset your password and send both your username and new password to you in the mail. Please make this request at least one week before your course begins. If you do not have your username and password on the day your class begins, you can come to the Office of Community and Professional Education (during business hours) in the Guenther Enrollment Services Center, Room 252 and with photo ID we can reset your password. Students can also go to the Computer Learning Center in the basement of the Marvin Library to have their password reset.

Your username is defined as the first initial of your first name, followed by a hyphen(-), followed by up to 13 characters of your last name (all lower case no spaces or other special characters). The password is randomly generated. Please go to http://my.hvcc.edu and use the MyHudsonValley Portal to change your password to something that will be easier to remember. You will find more detailed information regarding computer access at www.hvcc.edu/login-help.html. Bring both your username and password to your course, as you will need it to access the computer during class. Course instructors do not have the ability to reset or view student passwords. It is the student’s responsibility to ensure they have this information when they begin a class.

Driver Education
This course is intended to educate students (age 16 or older) on appropriate driving skills and habits. This course includes 24 hours of classroom instruction and 24 hours of behind the wheel training and observation. Students must complete all scheduled classes in order to be eligible for the Motor Vehicle Certificate MV-285. If you know you have to miss a class for any reason, please wait and take this course at another time. One make up-session for an excused classroom absence with college approval is allowed for an additional $25 fee, and is scheduled for Thursday, June 8, from 6 - 7:30 p.m.

The MV-285 Student Certificate of Completion allows:
1 - NYS Junior Permit holder to schedule a road test
2 - Young drivers a possible reduction in automobile insurance cost (participation is dependent upon insurance provider participation)
3 - A 17 year old to receive a senior license (MV-285 form must be submitted to local DMV to attain this benefit)

When registering via mail or fax, please indicate a first and second choice for driving times using the course codes adjacent to the selected driving time.

If you are registering online or on the phone, you will be asked to select your drive time when you select your class time. Driving times are available first-come, first-served.

The course fee for Driver Education is $425.

Pilates for Runners
Want to run effortlessly? Want to bulletproof your hips and knees against injury? Ready to become a force to be reckoned with? If you answered “yes” to any of these questions, then this class is for you! If you just want to become a better runner, join us for Pilates for Runners. This training will help you overcome common problems to runners including: plantar fasciitis, runner’s knee and shin splints. Although there will be no running in class, this program is no walk in the park. You will learn the ‘golden’ exercises that will unlock your inner runner, by targeting the common weak spots; gluteus medius, lower back, abdominals and spine, while lengthening the hamstrings, tightening the quads and conditioning the feet. If you are not a runner, you’ll be “runner ready” when you are through! If you are a runner, this class will be transformational for you. Please bring a foam roller with you. Barbarian Sandbag Blast
Break out of your fitness plateau and take it to the next level with the Barbarian Sandbag workout. Beginners and pros will achieve amazing feats with simple non-stop, multi-muscle moves that ramp up your cardio, build strength and blast your body into a fat burning machine that may experience an increase in metabolic activity 18-24 hours after a single session. Using an individualized sandbag “weight” to swing, push, pull and balance, you’ll discover the missing secret of most strength training programs, “variable angular resistance,” which comes from the flexible structure of the weight unlike the fixed grip of dumbbells. A special Barbarian sandbag will be provided for each student with an appropriate weight for the semester.

Eight Weeks to a Metabolic Makeover
If body fat has been a continual battle, you are probably part of the 80 percent who have metabolic inefficiency. It’s not about having a slow metabolism (that’s a myth and you will learn why). Instead of a “FAST” metabolism, this program will equip you to join the ranks of the 20 percent who have a “FAT” metabolism - one that is fine tuned to burn your own body’s fat!

You will gain:
• a noticeably leaner body
• clarity on how the metabolism actually works
• a Paleo-friendly meal plan
• the discovery of the “Fabulous Five Fats” that every efficient metabolism needs and how to use them
• empowerment to identify S.M.A.R.T carbs (specific metabolic and restorative treats)
• practical tools and support to quit sugar forever
• progressive weekly plan with homework that works
• an online support group
• your own copy of the class Metabolic Makeover Cookbook that we will make together
• a food co-op shopping field trip

You will invest:
• $200
• one hour a week plus homework time

Wilderness Navigation
Learn how to become the ultimate adventurer by mastering the techniques to navigate through the wilderness using a map and compass. This five-week session will introduce you to local hikes, give you the tools to read and interpret maps, use a compass (the way the pros do), plan a real backpacking adventure and discover how to demystify the wilderness. GPS devices are great, but batteries drain and electronics malfunction. You will begin in the classroom and carry on with local trails to give you a perfect mix of academic and experiential education. Some sessions will be held off campus. The sky is the limit for the diverse ways you will be equipped to practice these wilderness navigation techniques for the rest of your life! Some sessions will be held off-campus.

**Pilates Mat - Beginner**

Pilates is a precise method of exercise which focuses on movements designed to lengthen and strengthen the body. This class will focus on the “core” and you will practice the controlled movements designed to stretch and strengthen muscles without adding bulk. Just bring a mat (yoga style “sticky” mat works best) and experience what Pilates can do for your body and mind. This class is designed for the beginner Pilates student with little or no experience.

**Ballet Barre**

Ballet Barre is a series of movements that strengthen the entire body. It combines the core conditioning associated with Pilates, flexibility improvements that occur with yoga, plus stability and strength exercises associated with ballet and fitness. This workout incorporates floor work, barre work and standing body weight exercises with the use of light weights, resistance bands and the barre. No previous experience is needed, just bring 2-5 lb. hand weights, a yoga mat, a towel and wear comfortable fitness clothes. This workout is traditionally done barefoot but split sole sneakers or ballet shoes can be worn. Come and try this fun and popular workout!

Chain Reaction to “Turn off” Pain
This class will teach you how to restore functional stability in all three planes of motion using simple movements that “turn off” your pain. Chain Reaction is what happens in your body every time you move and it is based on something called Applied Functional Science. If you have knee pain it is most likely due to your hip or ankle not functioning correctly. Your knee is a simple hinge joint and only bends one way. Your hip and ankle needs to be firing correctly in all three planes of motion to keep from stressing your knee. Your back pain could be happening because of your hip. Your shoulder or neck may be experiencing pain because of your back. Wear comfortable, loose clothing for ease of movement. No prerequisites, but participants must have the physical ability to stand and walk. Course fee includes $10 materials fee.

Eliminate Pain with Total Motion Release!
The Total Motion Release Technique takes a non-traditional but effective approach to address pain. It allows your body to naturally re-align and heal, which proves to be very successful. Total Motion uses a little known secret of treating pain free motions in the left shoulder (or even right or left hip!). This causes a re-aligning of both shoulders (or entire right or left side) and alleviates your pain. This is NOT an exercise class and no equipment is necessary. Taught by a licensed physical therapist who has seen powerful results with her patients. Wear comfortable, loose clothing and bring a water bottle. Course fee includes $10 materials fee.

High School Equivalency
This course prepares students to take the Test Assessing Secondary Completion™, or TASC™. The TASC is a national high school equivalency assessment to help individuals address their need for advancement, resulting in a high school equivalency diploma. The TASC has replaced the GED® exam.

Our instructors provide individualized and group instruction in the following areas: math, science, social studies, reading and writing. Using a Predictor Test, we will work with you to assess your test readiness. Students who register for this class must also register for one of the TABE pre-test dates. Please note: in order to enroll in this class you must achieve an 8th grade level on the reading and math assessments. Many students will find they need to take this class for more than one semester before they are ready to sit for the exam. A Certificate of Residence is required for this course.

Full payment and a valid Certificate of Residence are required prior to the start of the first class. Limited scholarships are available.

FREQUENTLY ASKED QUESTIONS

Q: Where can I go to take the TASC exam?

Q: Are there any requirements to take the exam?
A: You must be at least 16 years old and meet certain guidelines. For more information on eligibility, please visit: www.acces.nysed.gov/what-hsetasc-test

Q: Is there a cost for the exam?
A: The test is free for a New York State resident.

Q: Can I take the test more than once?
A: Yes, you can take the test up to three times in a calendar year.
S.A.T. Preparation Course
This course is designed to prepare you for the Scholastic Aptitude Test (math, verbal and writing sections). The schedule of topics will be determined during the first session. The course will teach strategies for problem solving, vocabulary development, reading comprehension, sentence completion, grammar and essay writing skills.

Classes will use actual SAT questions to familiarize you with the test format and style. Students will develop a more realistic set of expectations for test questions and the skills to master them. The book that will be used in the course is “McGraw Hill’s SAT, 2017 Edition,” and it is required for the first class session.

Understanding the Vietnam War: Hard Lessons From an American Reckoning
The war in Vietnam was more than the defining experience of a generation. It forever altered the way Americans see themselves. Not since the Civil War has our nation been so compelled to look inward, reflecting upon its identity and role in the world. Yet there remains a cultural tendency to hold the war at arm’s length, as evidenced by how little Americans know of its true causes, major figures, military strategies, and most importantly, its lessons. This four-session course will examine how America slid into one of the most traumatic periods in its history, one that produced heroes and tragedy we still must come to understand.

Building Bridges: Relationships that Work for Teachers, Parents and Children
Ask any teacher what the most challenging part of their day is and most likely you will hear…”The work I do with my parents and families.” Research clearly shows that children learn best and thrive in school when a strong relationship exists between the parent and the teacher. This workshop will focus on a variety of strategies teachers can use to help bridge a gap between home and school. Attention will be given to planning successful parent/family conferences as well as working effectively with parents even when the topic is stressful or sensitive.

Incorporating Foreign Language into the Early Childhood Curriculum
Young children are uniquely suited to learning a second language. The developing brain is hard-wired to acquire language. Exposing your child to a second language while young allows him or her to optimize his or her learning potential, helping to shape the brain at its most flexible stage. Young children are uniquely suited to learning a second language. Learning a second language at a young age is cognitively as easy as learning a first language. How to Register

ONLINE
Our online registration system is available 24 hours a day, 7 days a week.

Go to www.hvcc.edu/communityed/register
NOTE: You can register online until midnight the day (1 day) before a course begins. Please register by phone, fax or in-person if you are registering on the day the course is scheduled to begin. Online registration is not available for students using purchase orders, tuition waivers or learning certificates.

BY PHONE
Please call (518) 629-7339 for easy enrollment with your credit card.

BY FAX
Complete the registration form and fax to (518) 629-8103. Be sure to include credit card information.

BY MAIL
Print and complete the registration form. Be sure to include credit card information or include a check or money order and mail to:
HVCC Community and Professional Education
80 Vandenburgh Avenue
Troy, NY 12180

IN-PERSON
Come to the Office of Community and Professional Education, located in the Guenther Enrollment Services Center, Room 252.

REFUNDS/CANCELLATIONS
Courses nine weeks or longer
Prior to first class 100% refund
During first week of classes 75% refund
During second week of classes 50% refund
During third week of classes 25% refund
After third week of classes No refund

Courses eight weeks or shorter
Prior to first class 100% refund
During first week of classes 25% refund
After first week of classes No refund

Please Note:
• If the course fee includes a materials fee, the materials will not be refunded if refund request is submitted less than five business days prior to the first class.
• Requests for refunds must be submitted in writing. All refunds will take place in the form of a check and typically take 14 - 21 days to be processed.
• Course registrations may not be transferred to another person. If you are unable to attend a class, you may not send someone else in your place.
• All motorcycle courses, creative retirement trips, floral classes and certificate courses have a separate cancellation and refund policy. These are available at www.hvcc.edu/communityed/cancel.
• Courses may be cancelled due to insufficient enrollment. Early enrollment helps reduce this possibility. In the case that a course is cancelled, every effort will be made to notify students and refunds will be issued.

CONTINUING EDUCATION UNITS (CEUS)
Hudson Valley Community College awards Continuing Education Units (CEUs) to those who complete designated courses, workshops and seminars. The Continuing Education Unit (CEU) is a uniform measurement of individual participation in non-credit programs. One Continuing Education Unit represents 10 contact hours (for example, for a designated course 30 contact hours = 3 CEUs). In order to receive CEUs, students must successfully complete courses according to the instructor’s standards. Typically, this involves 75 percent attendance; however, there may be additional requirements. Please be sure to check with your instructor at the beginning of the course. Records kept for those students who accumulate CEUs will be available upon written request from the Registrar’s Office.

PARKING
Parking permits are issued to all students who register for credit-free courses at the time of registration. A parking permit will be mailed to you with your registration confirmation or if you register online, emailed to your HVCC email account and should be displayed accordingly in your vehicle. All drivers are urged to obey traffic laws, and regulations for parking at the college.

The information listed below pertains to all Community and Professional Education unless otherwise noted. Complete cancellation and refund policy information is available at www.hvcc.edu/communityed/cancel.

I really enjoyed this class. Joal was excellent and took time to explain/demonstrate. *High School Equivalency, with Joal Bova*

Kevin is a great instructor. He was organized, well prepared and explained very well. Loved this class and would take it again! *Learning the “Ins and Outs” of your Digital Camera, with Kevin Sarfield*

Instructor was fantastic! Knowledgeable instructor with well-organized material. *Medicare 101, with Janet Kiffney*

Aleta was very positive and supportive. She provides 1:1 all around the room. *Knitting for Beginners, with Aleta Schweigert*

I really enjoyed this class. Joal was excellent and took time with those of us that needed a little extra help. I am very confident I will pass the NYS exam! *Basic Rider Course*

Instructor was fantastic! Knowledgeable instructor with well-organized material. *Medicare 101, with Janet Kiffney*

Carol taught me so much and it was fun! She is very knowledgeable and always so well prepared. *Basic Watercolor, with Carol Bollinger Green*

Well organized class. Instructors were helpful and patient. Took time to explain/demonstrate. *Basic Rider Course*

Informative, humorous, dynamic, entertaining, amazing, knowledgeable speaker. *The Tragedy of Alexander Hamilton, with Jack Casey*

Carol taught me so much and it was fun! She is very knowledgeable and always so well prepared. *Basic Watercolor, with Carol Bollinger Green*

Wonderful instructor! This was by far the best floral arrangement class I have taken. *Floral Design for Fun, with Judy Pochobradsky*

Hollan is an amazing instructor! I plan to sign up again. This class helped me enormously with posture and balance. *Senior STRONG, with Hollan Bonjukian*

Michael could speak for hours and it would not be enough! Love listening to his lectures. *Russell Sage, the Money King, with Michael Barrett*
