Academic Heraldry

The caps, gowns, and hoods worn at college and university functions date back to the Middle Ages. Monks and students of those days wore them to keep warm in the damp and drafty 12th century castles and halls of learning.

The gowns for the bachelor’s degree, earned after undergraduate study, have long pointed sleeves and are designed to be worn closed.

The holder of the master’s degree wears a gown with an oblong sleeve, open at the wrist. The sleeve base hangs down and the rear part of its oblong shape is square-cut. The gown may be worn open or closed. An alternate and older master’s gown also is permissible. This gown is always worn open, has a long sleeve that is square and closed at the end, and has a slit near the elbow which permits the forearm to come through.

Gowns for the doctor’s degree may also be worn open or closed, but they carry broad velvet panels down the front, and three bars on the full, round open sleeves. This velvet trimming may either be black or the color distinctive of the field of learning to which the degree pertains.

Academic gowns for each level are black, although there are a few institutions that permit doctoral recipients to have gowns of the characteristic institutional color, such as Cornell (camelian red and velvet trim and sleeve bars outlined in white), Harvard (crimson), Princeton (black with orange trim) and Yale (royal blue and black trim).

Caps may be of serge, broadcloth or, for the doctor’s outfit only, of velvet; the tassel is black or the color appropriate to the subject, except the doctor’s, which may have a tassel of gold bullion.

It is the hood that gives color and real meaning to the academic costume. (The bachelor’s hood is sometimes worn upon completion of the course, even though the degree has not yet been actually conferred.) A black shell of varying size for the three degrees, and of material to match the gown, is silk-lined with the color of the institution conferring the degree. The hoods for the bachelor’s and master’s degrees are the same shape, while the doctor’s hood is both larger and of a different style, having a flat panel at the back. The hood is bordered with velvet, of the proper width to indicate degree, and the color signifying the field of learning to which the degree pertains.

The colors indicative of the various fields of learning are as follows:

It is important to note that the color of the velvet trimming on the hood indicates the subject to which the degree pertains. The “bachelor of engineering science degree” should have orange trimming for engineering, rather than the golden yellow of science. The doctor of philosophy degree requires dark blue because the degree designation does not necessarily identify the major field of study. If more than one degree is held, the gown and hood of the higher degree are usually worn. Holders of several doctors’ degrees may make a choice of hood for any particular reason.

NOTE: The candidates presented for degree conferral in this program are subject to final confirmation by the college.

Alma Mater
Alma Mater by the Hudson
As it surges to the sea
Raise our voices in good measure,
Let all praises be to thee.

Like the waters strongly flowing,
So our trust and faith shall be,
With each year in knowledge growing,
We will find its source in thee.

When our college days are ended,
We will still in memory,
On the highland of the Hudson
Alma Mater, be with thee.
The Presidential Medallion

Chains of office are commonly worn in Europe by rectors and other presiding officials of universities. These chains are works of art because of the materials used and the craft involved in their making. Hudson Valley Community College has taken this concept and opted to use a medal and chain to represent the college and commemorate the inauguration of a new president.

The medallion bears the college seal on the front and the names and terms of past presidents of the college on the back. The medallion was designed by Gregory Dolan, former adjunct instructor in the Criminal Justice Department. The medallion was a gift to the college from the Department Chairpersons Association.

The College Mace

The Hudson Valley Community College Mace symbolizes the dignity and authority of the college. Until 1973, Hudson Valley Community College, as a unit of the State University of New York, used the SUNY Mace in all academic processions. In 1973, acting on the wishes of retired first president Otto V. Guenther, then-president James J. Fitzgibbons and his vice president for student affairs, Ralph H. O’Brien, asked Dr. Joseph F. Marcelli, the dean of the college, to design a mace and supervise its making.

Dr. Marcelli envisioned a mace with a classical 16th-century appearance. In keeping with the definition of a mace as both a weapon of war and symbol of sovereignty, he determined that the Hudson Valley Community College Mace would incorporate both of those qualities. The mace rod is a fasces, the Roman symbol of authority and power, topped by an eagle, used as an ensign by the Roman army. The College Mace is the official staff of office used in all academic ceremonies.

Graduates listed reflect those whose names were submitted by April 15, 2010.

In keeping with the solemnity of commencement and in fairness to all those attending, guests are asked to remain seated while diplomas are conferred. All those who participate in the ceremony will be available for photographs upon its conclusion.

Your cooperation will be appreciated by the students and their guests.
