BMP Mort. #6

**TITLE:** ANATOMICAL PARTS MANAGEMENT AT MORTUARY SCIENCES DEPARTMENT

**Regulatory Citation:** 6 NYCRR Part 360 & 364 and 10 NYCRR Part 70

**Applicability:** Regulated Biomedical Waste

**Purpose:** For the proper handling and management of any anatomical parts generated during embalming procedures.

**Person or Department Responsible:** Chair of Mortuary Sciences Department

**Schedule:** As needed

**Procedure:** All anatomical parts will be handled with appropriate personal protective equipment and placed into impermeable red plastic bags (of sufficient strength to prevent tearing or bursting under normal conditions of use and handling) that include as an integral part of the bag, the word biohazard or the universal biohazard symbol. MS staff will hold for pick up by the custodian staff who will transport the Regulated Medical Waste from the Mortuary Sciences Department to the Regulated Medical Waste Storage Area located on the basement floor of the Campus Center (Old Morgue). As needed the Coordinator of Environmental Health and Safety will arrange for proper disposal of the Regulated Medical Waste from the storage area.

**Record keeping:** Coordinator of Environmental Health and Safety will sign and track waste manifest.

**Record Location:** Physical Plant Department

**Contact:** Coordinator of Environmental, Health and Safety (629-7163)  
Chair, MS Dept (629-7113)
