

We have received your 2019-2020 Student Aid Report (SAR). The information on your Student Aid Report (SAR) indicated that you have not registered with Selective Service.

This issue must be resolved before we can continue processing your financial aid application.

If you are within the ages 18-25, register online at www.sss.gov and submit a copy of your web registration confirmation to the Financial Aid Office.

If you are outside the age limit to register (26 or over), you must request a status information letter from Selective Service. You may obtain the form to request your status information letter online at <https://www.sss.gov/Registration/Status-Information-Letter> or by visiting the Financial Aid Office. The telephone number for Selective Service is 1-888-655-1825. Once you receive your status information letter, you must submit it to the Financial Aid Office. If your status letter states that you were required to register but failed to do so, you must also include a letter of explanation. Your letter should include details of why you failed to register, including where you were living from age 18-25 and all other relevant information.

PLEASE NOTE: It can take the Selective Service 135 days to send your status information letter. You will be responsible for your tuition bill until all documents are received by the Financial Aid Office, processed and your aid eligibility is determined.

If you are a male born before 1960, you do not need to request a status letter. Please provide a copy of your birth certificate to the Financial Aid Office.

If you are currently or previously served on active duty in the armed forces, please submit a copy of your DD214 or current active duty orders.

If you entered the United States after your 26th birthday, please submit documentation that shows the date you entered the United States (passport, I-94 or a letter from the U.S. Citizenship and Immigration Service (USCIS)). Please note: your Permanent Resident Card is not valid as proof of entry to the United States.

If you are female, you are not required to register for Selective Service. Please submit a copy of your birth certificate to the Financial Aid Office.
